

## Copy Design Dialog – Vault Collaboration 2013

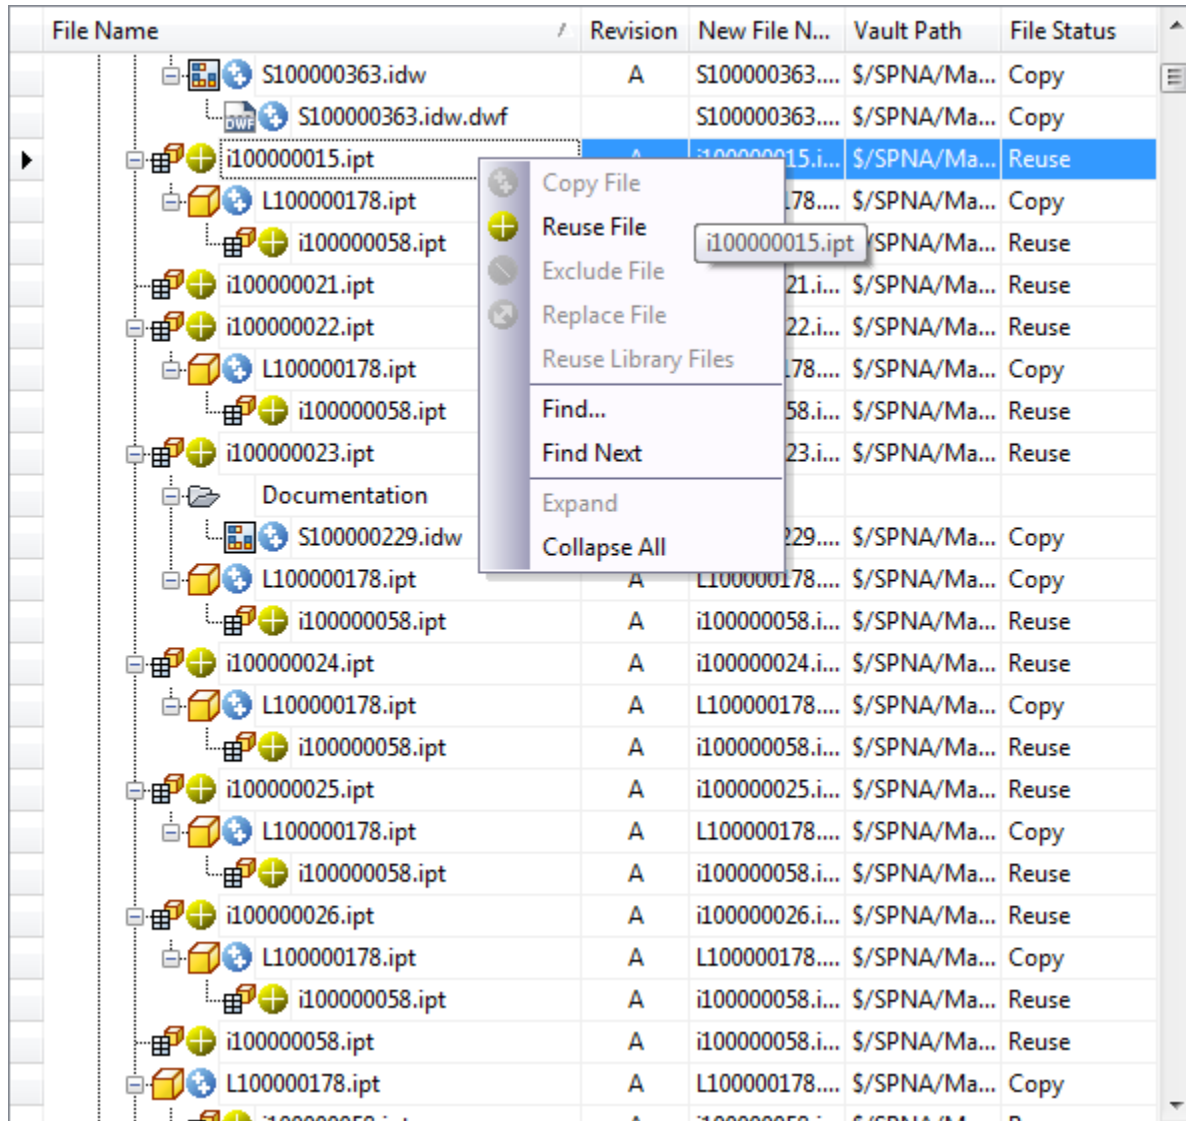

1. Reuse File is only option available for .ipn files.

The screenshot shows a file browser window with a table of files. A context menu is open over a selected .ipn file, showing options: Copy File, Reuse File, Exclude File, Replace File, Reuse Library Files, Find..., Find Next, Expand, and Collapse All. The 'Reuse File' option is highlighted, indicating it is the only available action for .ipn files.

2. Reuse File only option available for most iPart factories.

The screenshot shows a file browser interface with a table of files. A context menu is open over the file 'i10000015.ipt', highlighting the 'Reuse File' option. The table columns are File Name, Revision, New File N..., Vault Path, and File Status. The file 'i10000015.ipt' is highlighted in blue, and its status is 'Reuse'.
