

Install Autodesk Revit Building 9.1 - Autodesk Revit Series

Uninstall Previous Versions
Please specify Autodesk Revit Building versions to uninstall

Installer has detected the following version(s) of Autodesk Revit Building on your computer:

Version	Installation date	Location	Product Name
<input checked="" type="checkbox"/> 9.1	15-Feb-07	C:\Program Files\Autodesk Revit Building 9.1\	Autodesk Revit Building 9

Please mark all versions that you would like to uninstall before the installation of Autodesk Revit Building 9.1 and press Next.

Note that even if you select to uninstall the old version, its content libraries will be preserved for future use but can be safely removed using Windows delete command.
