

The tools of the 6 Dimensions of BIM

2D : Pencil and paper, traditional CAD programs: AutoCAD, Microstation,

3D : Revit, Bentley Architecture, SketchUP, Tekla, STEPS, ArchiCAD, VectorWorks

4D : Innovaya, Revit, MSProject, Primavera, Navisworks, Timberline, ProjectWise

5D : Buzzsaw, US Cost, WinEst, eSpecs, Navisworks, Ecotect, IES, Green Building

6D : Synergy software, Vision FM, Archibus, Bentley Facilities, Revit

(At this time there is no 6D software that contains a good BIM workflow. These are just examples.)
