**Adding *Superscript* Text with AutoCAD 2014**

The steps involved in adding Superscript text to the Guest Cottage's doors using AutoCAD 2014's *In-Place Text Editor* are shown below.

Desired text including Superscript

Step 3. Pick on the *Formatting* panel's down arrow and select *Stack* from menu. The zero should convert to superscript.

3^0

30^

30^

Step 1. Use **Multiline Text** tool to enter text as shown here. **Note:** Type **^** by holding down *Shift key* and typing *6*.

Step 2. Highlight these characters.
