

Model Data Structured Parts Only

| Part Number | Unit QTY   | QTY        | Item QTY | Description    | REV | Mass    | Stock Number | BOM Structure |
|-------------|------------|------------|----------|----------------|-----|---------|--------------|---------------|
| kkk_06      | 500.000 mm | 500.000 mm | 1        | I-Shape        |     | 7.44 kg |              | Normal        |
| kkk_07      | 300.000 mm | 300.000 mm | 1        | Tube           |     | N/A     |              | Normal        |
| kkk_05      | 500.000 mm | 500.000 mm | 1        | U-Shape        |     | N/A     |              | Normal        |
| kkk_01      | 400.000 mm | 400.000 mm | 1        | Angle Steel    |     | N/A     |              | Normal        |
| kkk_09      | 500.000 mm | 500.000 mm | 1        | Square tube    |     | N/A     |              | Normal        |
| kkk_08      | 500.000 mm | 500.000 mm | 1        | Pipe           |     | N/A     |              | Normal        |
| kkk_02      | 600.000 mm | 600.000 mm | 1        | Angle Steel    |     | N/A     |              | Normal        |
| kkk_03      | 150.000 mm | 150.000 mm | 1        | Flat Bar Steel |     | N/A     |              | Normal        |
| kkk_04      | 500.000 mm | 500.000 mm | 1        | Flat Bar Steel |     | N/A     |              | Normal        |

**Problem- QTY comes from the PART LENGTH.**

**How to change it into the same as ITEM QTY in assembly?**
