## Question

Is there any way to automatically keep the "level head" out of the drawing? Whenever I create section view, I need to adjust the position of this level heads. It takes lot of time to update in a big size project.

General, Application & Hardware Information

Application Used	:	Autodesk Revit 2016
Build	:	16.0.1185.0
Release	:	Update7 for R2
Operating System	:	Windows 7 Professional
System Type	:	64-Bit
Processor	:	Intel® Xeon® Processor E5-1620 (10M Cache, 3.60 GHz) FC-LGA10, Tray
Memory	:	128 GB
