## Apply This Update

The 2017.3 Update can be installed on all official releases of AutoCAD/AutoCAD LT 2017 for Mac.

To install 2017.3 Update, do the following:

1. Close all Autodesk applications before you begin to install the update.
2. Double-click AutoCAD\_Mac\_2017.3\_Update.dmg(AutoCAD\_LT\_Mac\_2017.3\_Update.dmg) to mount the volume.
3. Double-click AutoCAD\_Mac\_2017.3\_Update.pkg(AutoCAD\_LT\_Mac\_2017.3\_Update.pkg) in the new mounted volume to run the installer.
4. Follow the on-screen instructions.
5. Launch AutoCAD/AutoCAD LT for Mac after the installation has completed.
6. Click menu AutoCAD/AutoCAD LT 2017, select About AutoCAD/AutoCAD LT, the Product Version should be "N.51.M.51".

## Uninstall This Update

This update replaces files from the original installation of the product and cannot be uninstalled separately.

To uninstall this update, do the following:

1. Quit AutoCAD/AutoCAD LT for Mac.
2. In Finder, navigate to Applications > Autodesk > AutoCAD 2017 and double-click Remove AutoCAD 2017 app. For LT, navigate to Applications > Autodesk > AutoCAD LT 2017 and double-click Remove AutoCAD LT 2017 app.
3. Follow the on-screen instructions.
4. Reinstall the product from the original product media or download.

## Thank You

We want to express our appreciation to all our customers who identified these issues and reported them to us. Their reports gave us the opportunity to improve the product and to provide you with the best solution in general design and drafting. We also thank you for your continued business, and for your feedback regarding this release.

Respectfully,

Autodesk AutoCAD and AutoCAD LT Product Team
