

Autodesk AutoCAD 2017 64 Bit

Display Information:

The following displays satisfy the application requirements as follows:
Display Information shown in results, below, are on a per-adapter basis.

Display Adapter Name	Meets Minimum Requirements	Meets Recommended Hardware
NVIDIA GeForce 920MX on - - -, connected via -	False	False
Intel(R) HD Graphics 520 on Generic PnP Monitor - unknown, connected via Internal	True	False

Results:

No blocking issues for installation found.

Errors for installation:

Subsystem	Description
Display NVIDIA GeForce 920MX on - - -, connected via -	Autodesk AutoCAD has a minimum horizontal resolution requirement of 1366 pixels. This display has a horizontal resolution of 0. This may affect your ability to use Autodesk AutoCAD.
Display NVIDIA GeForce 920MX on - - -, connected via -	Autodesk AutoCAD has a minimum vertical resolution requirement of 768 pixels. This display has a vertical resolution of 0. This may affect your ability to use Autodesk AutoCAD.
Display NVIDIA GeForce 920MX on - - -, connected via -	Autodesk AutoCAD has a minimum bits per pixel resolution requirement of 8 bits. This display has 0 bits per pixel. This may affect your ability to use Autodesk AutoCAD.

Warnings for installation:

Subsystem	Description
Display NVIDIA GeForce 920MX on - - -, connected via -	Autodesk AutoCAD has a recommended horizontal resolution requirement of 1920 pixels. This display has a horizontal resolution of 0. This may affect your ability to use Autodesk AutoCAD.
Display NVIDIA GeForce 920MX on - - -, connected via -	Autodesk AutoCAD has a recommended vertical resolution requirement of 1080 pixels. This display has a vertical resolution of 0. This may affect your ability to use Autodesk AutoCAD.
Display NVIDIA GeForce 920MX on - - -, connected via -	Autodesk AutoCAD has a recommended bits per pixel resolution requirement of 8 bits. This display has 0 bits per pixel. This may affect your ability to use Autodesk AutoCAD.
Display Intel(R) HD Graphics	Autodesk AutoCAD has a recommended horizontal resolution

520 on Generic PnP Monitor - unknown, connected via Internal	requirement of 1920 pixels. This display has a horizontal resolution of 1366. This may affect your ability to use Autodesk AutoCAD.
Display Intel(R) HD Graphics 520 on Generic PnP Monitor - unknown, connected via Internal	Autodesk AutoCAD has a recommended vertical resolution requirement of 1080 pixels. This display has a vertical resolution of 768. This may affect your ability to use Autodesk AutoCAD.
